April 15-19 is Enrollment Assister Appreciation Week! That means this week we're celebrating the crucial work that NC enrollment assisters have done to help people understand and get connected to health coverage while NC has navigated Medicaid Unwinding, the Open Enrollment, and Medicaid Expansion! During that time NC Enrollment Assistors helped with not only connecting 1 million consumers to coverage during Marketplace Open Enrollment 11, but also with enrolling over 400,000 North Carolinians in Medicaid Expansion.

If you'd like to get in touch with an Enrollment Assister to explore your options for healthcare coverage, visit [NCNavigator.org](https://www.ncnavigator.org) to schedule an appointment today!
